EDUCATION

Babcock University – Ogun, Nigeria **July 2021** - **July 2025**
Bachelor of Science in Computer Science
CGPA: (Second Class Upper, Honors)
Relevant Coursework: System Administration, Algorithms & Data Structures, Web Development, System Design, Software Development Lifecycle

EXPERIENCE

Junior Web Developer – *LAPO Microfinance Bank, Lagos, Nigeria* ***May 2024 – Jul 2024***

- Built and tested React.js UI components for a budget app, improving interactivity and usability.
- Collaborated with cross-functional team of 5 developers to gather requirements, document technical specifications, and ensure **SDLC compliance** Conducted QA testing on litigation and scholarship apps, ensuring deployment readiness
- Participated stakeholder training, boosting adoption of new applications.
- Assisted in **requirement gathering, testing, and documentation** to support software deployment readiness.
- Designed **Figma interfaces** based on stakeholder feedback, increasing workflow efficiency and application adoption.
- Conducted comprehensive **QA testing** across Litigation and Scholarship Management Systems, identifying and documenting 18 critical bugs before production deployment
- Developed **reusable components** for the **Budget Application UI**, enhancing maintainability and improving user interactions and data visualization.

Frontend Developer (Freelance). – Remote ***2023 – Present***

- Delivered 12+ production-ready web applications for clients across e-commerce, and education sectors using React.js, Next.js, and Typescript Integrated REST APIs and Firebase for seamless data flow and authentication.
- Integrated **RESTful APIs** and Firebase services for 8 client projects, reducing authentication implementation time by 40% through reusable component architecture
- Optimized application performance resulting in 35% faster load times through code splitting, lazy loading, and React Query caching strategies

PROJECTS

Exclusive Store – ecommerce Platform | Live Demo | GitHub
React.js, Tailwind CSS, Firebase, React Query

- Developed a **fully responsive ecommerce platform** enabling users to browse, add to cart, and securely purchase products.
- Integrated **Firebase Authentication and Real-time Database**, improving checkout reliability and user trust.
- Implemented **React Query for state and API management**, ensuring efficient data fetching and minimal latency.
- Deployed on **Firebase Hosting**, achieving cross-platform accessibility and responsive design.

HiLink – Travel Landing Page | Live Demo | GitHub
Next.js, Typescript, Tailwind CSS, Framer Motion

- Designed and developed modern tourism landing page with engaging animations and responsive layout, achieving 98 Lighthouse performance score.
- Implemented **TypeScript** for type-safe development and component reusability.

CERTIFICATION

CompTIA IT Fundamentals (ITF+) & CompTIA A+ (Parts 1 & 2), Web & Mobile Development Certificate Cybersecurity Fundamentals Certificate – New Horizons

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript (ES6+), TypeScript, C/C++, SQL
Frameworks: React, Next.js, Tailwind, ShadCN UI, Firebase
Tools: Git, GitHub, VS Code, Chrome DevTools, Figma
Strengths: Responsive Design, API Integration, UI/UX, Performance Optimization
